For undergraduate and post-secondary non-university level programs the maximum amount of credits to be transferred will be 50% of the total credits that the student must take to fulfill the graduation requirements of an academic program at NUC University, either in transfer credits or in combination with competency exams (NUC University Catalog, 2025, p. 34).
2. Those students interested in transferring additional credits from courses approved from other institutions must present the credit transcript of that institution (NUC University Catalog, 2025, p. 33).
